- ✓ Management information & Analysis tools

Unbeatable Pricing.

We have created price plans based on our customers entire spend with us. In other words, the bigger your contract - the better commercials you'll receive in return.

Automatic Benchmarking.

To ensure you never miss out on the best rates, ATC Solutions automatically benchmarks all voice pricing every quarter.

Total Peace of Mind.

We offer a fully resilient first class call termination service with market leading SLA's; giving you total peace of mind.

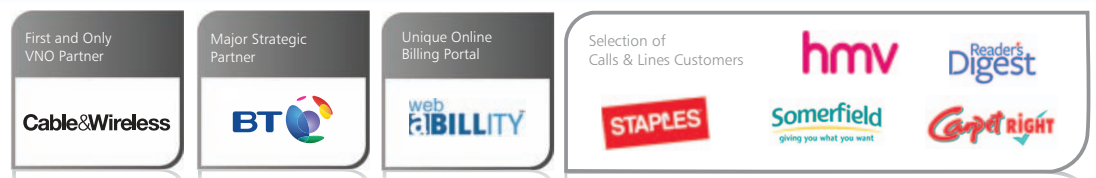

Instant Call Visibility*.

Our unique online portal makes billing simple. With instant access to call data*, ability to set up cost centre billing as well as e-alerts to track adverse call patterns – you can now understand & then manage your call expenditure.

Simple and Zero Risk Migration

Switching is simply a billing change. Within 10 working days you could start benefiting from reduced rates while your infrastructure, lines, SLA's & service structure remains the same.
